

Young Choi, M.D., Professor of Pathology and Laboratory Medicine; Director, Bridgeport Hospital Clinical Laboratories. Clinical interests: immunopathology, molecular pathology, and all areas of anatomic and clinical pathology.

Pei Hui, M.D., Ph.D., Associate Professor of Pathology; Director, Clinical Molecular Diagnostics Laboratory. Clinical interests: gynecologic pathology, general surgical pathology, and molecular diagnostics.

Vincent T. Marchesi, M.D., Ph.D., Anthony N. Brady Professor of Pathology and Cell Biology. Clinical interest: neurodegenerative diseases.

Antonio Subtil-Deoliveira, M.D., Associate Professor of Dermatology and Pathology. Clinical interests: cutaneous lymphoproliferative disorders and melanocytic lesions.

Paul Cohen, M.D., Assistant Professor of Pathology; Interim Chair, Bridgeport Hospital. Clinical interests: general surgical pathology, thoracic pathology, and gynecologic pathology.

Anita Huttner, M.D., Assistant Professor of Pathology. Clinical interests: neuropathology, stem cell biology, and neurocognitive and neurodevelopmental disorders.

Jennifer M. McNiff, M.D., Professor of Dermatology and Pathology; Director, Dermatopathology Program. Clinical interests: cutaneous lymphomas and clinicopathologic correlations.

Fattaneh A. Tavassoli, M.D., Professor of Pathology and Obstetrics, Gynecology, and Reproductive Sciences; Director, Pathology Women's Health Program. Clinical interests: breast and gynecologic pathology.

José Costa, M.D., Professor of Pathology and Medicine (Oncology); Director, Translational Diagnostics; Director, Musculoskeletal Tumor Program. Clinical interests: oncologic pathology and molecular diagnostics.

Dhanpat Jain, M.D., Associate Professor of Pathology and Medicine (Digestive Diseases); Director, Gastrointestinal Pathology Program. Clinical interests: GI and liver pathology, including liver tumors; gastrointestinal stromal tumors, prostate cancer risk and mortality, and motility disorders of the bowel.

Kisha A. Mitchell, M.D., Assistant Professor of Pathology. Clinical interests: gastrointestinal and liver pathology.

Constantine Theoharis, M.D., Assistant Professor of Pathology. Clinical interests: cytopathology, endocrine pathology, and general surgical pathology.

Shawn E. Cowper, M.D., Associate Professor of Dermatology and Pathology. Clinical interests: nephrogenic systemic fibrosis, alopecia, and informatics.

Anitha Kamath, M.D., Assistant Professor of Pathology. Clinical interests: oncologic pathology (particularly gastrointestinal, breast, gynecologic and genitourinary); applications of molecular diagnostics in tumor pathology and therapeutics.

Gilbert Moeckel, M.D., Ph.D., Associate Professor of Pathology; Director, Renal and EM Laboratory. Clinical interests: renal pathology, progression of interstitial fibrosis, acute kidney cell injury, and renal cell carcinoma microenvironment.

Alexander Vortmeyer, M.D., Ph.D., Associate Professor of Pathology; Director, Neuropathology. Clinical interests: nervous system disorders and hereditary tumors.

Akosua Domfeh, M.D., Assistant Professor of Pathology. Clinical interests: cytopathology and breast pathology.

Michael Kashgarian, M.D., Professor Emeritus of Pathology and Senior Research Scientist. Clinical interests: renal pathology, electron microscopy, and advanced imaging techniques.

Raffaella Morotti, M.D., Associate Professor of Pathology. Clinical interests: perinatal pathology, pathology of solid tumors (pediatric), and pediatric liver.

Zenta Walther, M.D., Ph.D., Associate Professor of Pathology; Medical Director, YNHH Tumor Profiling Laboratory. Clinical interests: gastrointestinal and liver pathology, molecular diagnostics, and colorectal carcinogenesis.

Anjela Galan, M.D., Assistant Professor of Dermatology and Pathology. Clinical interests: melanocytic skin neoplasms, soft tissue tumors, and general neoplastic and non-neoplastic dermatopathology.

Samuel Katz, M.D., Ph.D., Associate Professor of Pathology. Clinical interests: hematopathology (starting July 2012).

Jon S. Morrow, M.D., Ph.D., Raymond Yesner Professor of Pathology and Chair; Professor of Molecular, Cellular, and Developmental Biology; Chief of Pathology, Yale–New Haven Hospital. Clinical interests: hematologic and renal disorders.

A. Brian West, M.D., Professor and Vice Chair of Pathology; Director, Anatomical Pathology. Clinical interests: pathogenesis and diagnosis of non-neoplastic diseases of the gastrointestinal tract and hepatobiliary system.

Patrick Gallagher, M.D., Professor of Pediatrics, Genetics, and Pathology; Director, Yale Center for Blood Disorders; Director, Expression and Genomics Core, YCEMH. Clinical interests: neonatal medicine and infectious disease; genetic and genomic approaches to human disease; inherited erythrocyte disorders.

Bart Kenney, M.D., Assistant Professor of Pathology. Clinical interests: gastrointestinal and liver pathology.

Vinita Parkash, M.D., Associate Professor of Pathology; Director, Surgical Pathology, Bridgeport Hospital. Clinical interests: gynecologic pathology and genitourinary pathology.

Mina Xu, M.D., Assistant Professor of Pathology. Clinical interests: leukemias, lymphomas, and myeloid neoplastic disorders.
